Continued exposure in Rhapsody TV spot prompts second consecutive digital award (121,000, up 62%) and a leap into top 10. Piano pop song also climbs 14-13 at Adult Top 40.

Fresh take on 1958 holiday classic bypasses the original on the digital sales tally (35,000 to 7,000) thanks to the success of the movie and accompanying soundtrack (67-48 on the Billboard 200).

Seether hits No. 1 at Modern Rock with its first chart-topper (No. 56 on this list), ending Foo Fighters' record-setting 18-week reign.

One of two songs by the Miami-based rapper on the list (also No. 100), it samples beat of Enur's international dance smash at No. 61.

Acoustic ballad, featured In DeBeers' holiday "A Diamond Is Forever" ad, moves 22,000 downloads to give the Nashville-born singer his first chart hit.

BETWEEN THE BULLETS silvio@billboard.com

FLO RIDA'S 'LOW' RIDES TO NO. 1

Newcomer Flo Rida takes his debut single "Low" to the top of the Billboard Hot 100, interrupting Alicia Keys' five-week run for "No One." As is the case in the week leading to Christmas, radio airplay is down and digital sales are up. "Low" hits a new high of 178,000 downloads but does not bullet on Hot Digital Songs as its 11% gain does not meet the week's higher-than-usual criteria. "Low" posts the only gain in Hot 100 Airplay's top five. Gift cards and new MP3 players should have digital sales skyrocketing: The last two post-Christmas weeks each brought record digital volume. —*Silvio Pietroluongo*

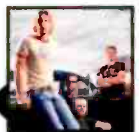
Title's 470,000 downloads sets single-week digital sales mark. Its gain of 290,000 alone nearly bests the former one-week sales record of 294,000 set by Fergie's "Fergalicious" [illegible]

Computerized critters snare Hot Shot Debut honors (No. 62) for a second straight week while also entering two other tracks. Last week's top entry moves 70-66.



With digital sales hitting an all-time high (see story, page 6), this track is one of many long-time sellers to surge back up the chart. It posts the best percentage gain (up 300%) among the top 20 on Hot Digital Songs.

All but five songs post triple-digit increases on Hot Digital Songs, where an aggressive bullet criteria is calculated, rewarding only tracks with the loftiest gains.

Fourteen-year-old star of Nickelodeon's "iCarly" debuts with series' title track.

FERGIE SURFS POST-HOLIDAY TIDE

Since December 1998, when the Hot 100 Airplay panel expanded to include all radio formats, the Greatest Gainer/Airplay winner in each of 10 post-Christmas weeks has been an adult-leaning pop hit benefiting from the return to normal programming at the radio panel's AC stations. Last issue, 83 of 107 tracked AC stations spun holiday tracks 24/7, and the ones that did not upped holiday fare in the days leading to Christmas. The beneficiary of 2007's shift is Fergie's "Big Girls Don't Cry," rebounding 39-21 with a gain of 24.5 million impressions, nearly doubling last week's audience.

While these tracks from Sparks and Brown rebound to respectively match and reach new peaks, the pair team up to debut at No. 95 with the latest release from her self-titled debut album.

Rapper croons his way 11-10 on Hot 100 Airplay, his first top 10 as a lead artist on that list since "Drop It Like It's Hot" hit No. 1 in December 2004.

Song from British sextet is featured in the popular videogame "Guitar Hero 3: Legends of Rock," which results in renewed airplay interest. Download sales total 33,000 for the week.

Band's new song, which honors the National Guard, moves 29,000 downloads. Video for track can be seen on Guard's Web site and in movie theaters.

WHAT GOES UP MUST COME DOWN

A week after digital download sales reached a new high of 43 million tracks during the post-Christmas tracking week (Dec. 24-30), all but two titles on Hot Digital Songs post declines. While overall sales dip by 34% to 28.4 million downloads, that weekly tally still stands as the third-best frame in Nielsen SoundScan history.

Janet's "Feedback" (No. 42, 44,000) and Miley Cyrus' "Start All Over" (No. 58, 34,000), both new to the market, are the only gainers. Since both debut on Hot Digital Songs, neither is eligible for the Billboard Hot 100's Greatest Gainer/Digital honor, so the chart goes without that designation. —*Silvio Pietroluongo*

The most popular songs & tracks, according to all-format audience impressions measured by Nielsen Broadcast Data Systems and sales data compiled by Nielsen Soundscan. Greatest Gainer/Digital and Greatest Gainer/Airplay are awarded, respectively, for the largest digital sales and airplay increases on the chart. Bronx-born rapper previews upcoming album "The Elephant in the Room" with song featuring J. Holiday, whose own track rises 37-28.

With 28,000 digital sales, it's the best-selling song from the "Juno" soundtrack, the Greatest Gainer on the Billboard 200.

BROWN COLLECTS SIXTH TOP 10

Chris Brown earns his fifth Billboard Hot 100 top 10 as a lead artist and sixth overall as "With You" surges 12-6 with Greatest Gainer/Airplay honors. The track also moves into the top 10 of Hot 100 Airplay (14-8, up 18 million listener impressions) and Hot Digital Songs (17-9, up 4%). On the latter list, "With

You" is one of only 10 songs to post actual sales gains, as the digital market continues to come off its post-holiday peak. The other Digital bullets go to songs with the smallest decreases. Brown hopes for back-to-back No. 1s as "Kiss Kiss" led for three weeks.

Singer, who was the last artist to claim dual Gainer honors in November with "Kiss Kiss," does it again with track that climbs 9-2 on Hot Digitial Songs (100,000 downloads) and 8-4 on Hot 100 Airplay.

Springsteen hits the Hot 100 for the first time since 2005, and the 25th time in his legendary career, as "Girls in Their Summer Clothes" opens at No. 95.

Star's personal travails have not curtailed fans' enthusiasm for her music as title moves into top 10 of Hot Digital Songs (14-10, 69,000).

Track from Webbie's new album "Savage Life 2," due Feb. 26, is his best showing on the Hot 100.

Billy Ray nails his first top 40 Hot 100 hit since his debut, "Achy Breaky Heart," hit No. 4 in July 1992—four months before duet partner, daughter Miley, was born. With another at No. 33, she has two.

RIHANNA'S LUCKY NUMBER SEVEN

Rihanna, who will turn the big 2-0 on Feb. 20, claims her seventh Billboard Hot 100 top 10 as "Don't Stop the Music" jumps 13-7. The song moves 15-6 on Hot Digital Songs with 90,000 sold (up 40%) and increases in audience by 26%, rising 23-15 on Hot 100 Airplay.

Since her debut in 2005, only Akon and T-Pain, each with nine, have reached the top 10 more times, but a portion were as featured artists. Rihanna has been billed as a lead artist on all seven of her top 10s, a total unmatched by anyone else since her first in 2005. *—Silvio Pietroluongo*

Rapper snares his fifth top 10 as a lead artist. He hit with his first two charting efforts in 1994, waited nine years for his third top 10 in 2003 and was last seen in this region in 2004.

Title track from her Hot Shot Debut album starts at No. 24 on Hot Digital Songs (42,500 downloads), while lead single jumps 17-11 on this list.

Song gets a boost from its inclusion in Disney Channel's new "Minutemen" movie, selling more than five times its prior-week total.

Remake of Jackson's 1983 top five hit is one of five remade tracks included on the 25th-anniversary edition of the legendary "Thriller" album. Song moves 27,000 downloads in its first week.

An airplay spike of 61% brings song onto Hot 100 Airplay at No. 43, that chart's best debut since Alicia Keys' "No One" opened at that number in September.

FLO RIDA ENDS KEYS' RADIO STREAK

Five weeks after reaching the top of the Billboard Hot 100, Flo Rida takes "Low" to No. 1 at Hot 100 Airplay, ending the 14-week stay of Alicia Keys' "No One." Since the airplay chart expanded to include all radio formats in December 1998, only "We Belong Together" by Mariah Carey had a longer run (16 weeks) at No. 1 in 2005.

On Hot Digital Songs, "Low" matches the chart record of nine weeks at No. 1 (170,000 sold) originally set by Gwen Stefani's "Hollaback Girl" in 2005. "Low" has moved at least 131,000 downloads in each of its 12 chart weeks. —*Silvio Pietroluongo*

A strong week at top 40 radio for the Jonas Brothers (45-39 on Pop 100 Airplay, up 62%) and the recent debut of the track's video help the song get the best positional gain on this chart (85-49) and on Hot Digital Songs (59-19, up 95%).

California band hits the edge of the top 10 with track that stands at No. 9 at Adult Top 40. A 46% download gain pushes it 13-6 on Hot Digital Songs (85,000).

Group previews its sophomore album "Pretty. Odd.," due March 25, with track that debuts at No. 29 on Modern Rock as that list's greatest spin gainer.

Keyshia Cole's song at No. 26 moves into top 10 of Hot 100 Airplay (15-10 with 65 million impressions) but has yet to reach Hot Digital Songs, one of four songs in the top 15 of the airplay list that have not translated heavy radio exposure into download sales. Others are at Nos. 5, 11 and 15.

NAIM'S 'SOUL' TOPS DIGITAL SONGS

Yael Naim takes the quick path into the Billboard Hot 100's top 10 as "New Soul" debuts at No. 9, the chart's best entry since "What Time Is It" by High School Musical Cast (No. 6) and Akon's "Sorry, Blame It on Me" (No. 7) bowed in the Aug. 11, 2007, issue.

Featured in the TV commercial for Apple's newly launched Apple MacBook Air (see story, page 6), the track debuts at No. 2 on Hot Digital Songs with 135,000 downloads. With "New Soul" generating only three plays on the nearly 1,300 monitored Hot 100 Airplay stations, TV is the sole source of its lofty sales and Hot 100 ranking. *—Silvio Pietroluongo*

The first top 10 debut to bullet in its second chart week since Eden's Crush's "Get Over Yourself" in April 2001. Downloads increase to 163,000 (up 20%).

With album now at retail, digital downloads for set's top radio single triple to 30,000. It's No. 21 on Adult Top 40.

Singer teams up with producer/writer Bill Bottrell for the first time since her debut album. Their last Hot 100 hit together was 1995's "Can't Cry Anymore."

Winners of two Grammys occupy two slots in the top five of the Modern Rock chart for a record fifth straight week with this track (No. 2) and "The Pretender" (No. 5).

Singer's first Hot 100 appearance in two years ushers in the next chapter of her career as a country artist. Also No. 32 on Hot Country Songs.

[illegible] It's one of three Atlantic titles in the chart's top section.

Song, performed on diva's CBS-TV special (Feb. 15), is the top debut on Hot Digital Songs (No. 32, 38,000 downloads). Her original version with Andrea Bocelli peaked at No. 22 on the Adult Contemporary chart in 1999.

Song, which debuted on this list last March and peaked at No. 78 three months later, gets boost from the multiple-award winner's Grammy performance (No. 46 on Hot Digital Songs, 28,000 sold). Single has been reserviced to top 40 radio.

Leona Lewis, winner of the United Kingdom's "X-Factor" competition, makes her stateside debut at No. 85 with song co-written by Jesse McCartney and One-Republic's Ryan Tedder. Tedder penned three tracks on this chart.

CAREY'S 'BODY' DRAWS ATTENTION

Mariah Carey claims the Hot 100 Airplay chart's highest debut in nearly two years as "Touch My Body" enters at No. 23 with 46 million listener impressions. No digital release is available yet (one is due ahead of her April 15 album "E=MC²"), so without sales, "Body" bows at a more modest No. 57 on the Billboard Hot 100. Her airplay arrival is her best in rank and audience since "I'll Be There" debuted at No. 4 in May 1992 (49 million impressions) and the chart's best since July 2006 when "Déjà Vu" by Beyoncé featuring Jay-Z began at No. 15 (55 million impressions).

Song overtakes Flo Rida's "Low" on Hot 100 Airplay chart, giving Brown his second No. 1 on that list, following debut single "Run It!" in 2005.

Singer starts her career with two straight top 10s on Hot Digital Songs as title jumps 17-7 on that list (73,000 downloads, up 40%).

Talent judges join the "American Idol" chart parade. For Abdul, it's her first Hot 100 ink since 1995's "Crazy Cool."

Usher's strong move (83-51) is fueled solely by 80% airplay increase (48-15 on Hot 100 Airplay). A jump into next issue's top 10 is likely as track hit digital market Feb. 26.

Country legend George Strait takes the list's top debut (No. 54) and posts the best digital sales week of his career as track moves 25,000 downloads.

FLO RIDA'S 'ELEVATOR' RISES FAST

Flo Rida, whose "Low" still occupies the penthouse suite of the Billboard Hot 100 for a 10th week, rises 100-28 with follow-up single "Elevator."

His new release opens at No. 10 on Hot Digital Songs with 64,000 downloads. With his debut album, "Mail on Sunday," not due until March 18, Flo Rida becomes the first artist to take two tracks not yet available on an album into Hot Digital Songs' top 10.

The 62-floor ascension of "Elevator" is the largest from the chart's anchor spot since Andrew Seeley's "Get'cha Head in the Game," from "High School Musical," bounced 100-23 in the Feb. 11, 2006, issue. —*Silvio Pietroluongo*

"Once" ballad's Academy Award triumph for best original song translates to a No. 20 entry on Hot Digital Songs (41,000 downloads, up 199%).

As Janet's set crowns the Billboard 200, lead single also surges (53-19), spurring her biggest digital sales week (81,000 downloads), up 96%.

Both Carey's jump (12-8) and Usher's (15-10) in their third week each on Hot 100 Airplay mark the quickest trips to that list's top 10 since Beyoncé's "Déjà Vu" zoomed 15-10 in its second frame in July 2006.

Though now dethroned, the 10-week reign of Flo Rida's "Low" (No. 2) stands as third-longest for a rap song, after Eminem's "Lose Yourself" (13) and then-named Puff Daddy's "I'll Be Missing You" (11).

Band becomes just the third act to score four top 10s from a debut album at Adult Top 40, joining only Matchbox Twenty and, separately, Rob Thomas.

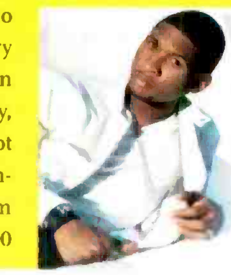
USHER'S 'CLUB' BOUNCES TO NO. 1



Usher posts the third-largest jump to No. 1 in Billboard Hot 100 history (see Hot Box, page 41) as "Love in This Club," featuring Young Jeezy, zooms 51-1. It opens at No. 1 on Hot Digital Songs with 198,000 downloads, the largest first-week sum since Sean Kingston shifted 260,000 in the Aug. 11, 2007, issue. At three weeks, "Club" is Usher's fastest-rising Hot 100 No. 1 and eighth overall chart-topper. It matches his quickest ascent into the top 10 of Hot 100 Airplay (15-10, up 32%), first achieved with his Alicia Keys duet, "My Boo," in 2004. —*Silvio Pietroluongo*

Song crowns the Pop 100 (4-1), ending that chart's longest reign, as Flo Rida's "Low" dips to No. 2 after 12 weeks on top.

With girl group's second album set for a likely No. 1 debut on the Billboard 200 next issue, the act takes this chart's top new entry while opening at No. 26 on Hot Digital Songs (31,000 downloads).

With two other songs at No. 39 and No. 55, she is only the fourth country female in the Nielsen Music era with three tracks on the list at the same time. The others: Shania Twain, Faith Hill and Carrie Underwood.

Song is top spin-gainer on the Adult Top 40 chart where it moves 6-5, making the quintet the first group since that chart's 1996 launch to notch four top five hits from a debut album.

Download sales for Leona Lewis' song at No. 8 have increased by more than 40% in each of its chart weeks. This issue, downloads more than double to 120,000.

'SHAWTY' MAKES TALL CHART JUMP

Lil Mama has another download sensation on her hands as "Shawty Get Loose" debuts at No. 9 on Hot Digital Songs (72,000 sold) and makes the biggest jump on the Billboard Hot 100 so far this year (92-19). Featuring vocal turns by super-hot Chris Brown and T-Pain, the "Shawty" download went wide during the tracking week after an exclusive window at Verizon. The rapper's debut single, "Lip Gloss," also started at No. 9 on the Digital list in June, opening with 74,000 downloads and peaking at 77,000 the next week. "Lip" reached No. 10 on the Billboard Hot 100. —*Silvio Pietroluongo*

Rapper takes chart's biggest leap of 2008 as title opens at No. 2 on Hot Digital Songs, with 143,000 downloads.

With his featured turn on Lil Mama's track, Brown is first artist since other co-featured vocalist T-Pain in December to appear on three top 10s in the same week.

Madonna debuts at No. 68 primarily on the strength of airplay (23.6 million impressions). Expect a big jump next issue when digital availability increases.

Newcomer's song, featured prominently during "American Idol" audition episodes, jumps 24-22 on Adult Top 40 chart.

Gnarls Barkley's album cut at No. 88 sells nearly twice as many downloads, 25,000, than first radio single "Run," to become initial charting song from "The Odd Couple."

LEWIS' FIRST HIT GOES ALL THE WAY

Leona Lewis is the first female to take her inaugural single to the top of the Billboard Hot 100 since Fergie's "London Bridge" in 2006 as "Bleeding Love" soars 8-1.

Lewis' recent stop on "The Oprah Winfrey Show" provides the integral impetus for the song to hit the summit of this list and Hot Digital Songs, selling 219,000 downloads, up 82% (see story, page 43). But it was already building steadily with sales increases of at least 40% each week it appeared on those lists. Radio play is also on the upswing, as "Bleeding" jumps 51-37 (up 38%) on Hot 100 Airplay and 18-11 on the mainstream top 40-based Pop 100 Airplay chart. —*Silvio Pietroluongo*

Song doubles its audience impressions to 43 million and jumps 56-22 on Hot 100 Airplay, that chart's biggest leap since Keyshia Cole's "Love" zipped 59-16 in February 2006.

His performance on "Celebrity Apprentice" pushes track 74-8 on Hot Digital Songs (100,000 downloads); show's runner-up has the best single-week download tally by a male country act and the best Hot 100 rank by a country male since 1999.

Act's take on Michael Jackson's 1983 No. 1 smash, from recently released DVD/CD set "Live In Phoenix," debuts at No. 11 on Hot Digital Songs with 88,000 downloads.

Disturbed opens at No. 73 with its third Hot 100 hit and enters the Modern Rock chart at No. 23, the latter list's best debut since last August.

For the first time, two titles simultaneously debut on Hot Digital Songs with more than 200,000 downloads each: Mariah Carey's "Touch" with 286,000 and Madonna's "4" with 217,000.

CAREY SETS DIGITAL DEBUT RECORD

"Touch My Body," Mariah Carey's milestone 18th Billboard Hot 100 No. 1 (see Hot Box, page 45), opens at No. 1 on Hot Digital Songs with a debut-week record 286,000 downloads. That surpasses the 277,000 downloads shifted when labelmate Rihanna's "Umbrella" bowed in the June 9, 2007, issue, and is Carey's best digital week. "Body" also continues its ascent (4-3) on Hot 100 Airplay, where it surpasses 100 million listener impressions while posting the chart's second-best increase (115.7 million, up 15.8 million).

Track moves to the top of Hot Digital Songs (217,000), marking singer's second title to top that list following 2005's "Hung Up."

Leona Lewis rebounds 4-2 on this list and enters the top 10 of Hot 100 Airplay (16-9) with a gain of 15 million listener impressions. Her debut album "Spirit" is poised to top next issue's Billboard 200 by a wide margin.

Band is first act since Maroon 5 in 2005 to simultaneously place three titles, excluding holiday songs, in the Adult Contemporary top 20.

Two legendary rock acts return to the chart after long absences. R.E.M. was last on in 2001 with "Imitation of Life" and Radiohead is back for the first time since "High and Dry" in 1996.

USHER TOPS RADIO'S LEADING MEN

Usher's "Love in This Club" moves 2-1 on the Hot 100 Airplay chart with 128.7 million listener impressions, becoming his record-setting sixth chart-topper on that list since it expanded to include all radio formats in December 1998. He had been in a three-way tie with 50 Cent and Ludacris with five No. 1s. If we incorporate the entire history of the Hot 100 Airplay chart, which launched as solely top 40-based with the advent of Nielsen BDS data in 1990, Usher would still have the most No. 1s among males, trailing only Mariah Carey's 11 chart-toppers.

The most popular songs & tracks, according to all-format audience impressions measured by Nielsen Broadcast Data Systems and sales data compiled by Nielsen Soundscan. Greatest Gainer/Digital and Greatest Gainer/Airplay are awarded, respectively, for the largest digital sales and airplay increases on the chart. She becomes first British-born artist to simultaneously top the Billboard 200 and Hot 100 since Phil Collins in 1990 and first female since U.K.-born, Australian-bred Olivia Newton-John in 1974.

Song at No. 18, performed by Daughtry on "American Idol Gives Back," is also on the band's multi-platinum debut album and is set to become its next radio single. Current airplay hit jumps 27-24 on this list.

Legendary vocalist returns to the chart for the first time since "No More 'I Love You's' " in 1995.

Oklahoman debuts with his current top 20 Country hit, a song Michael Bublé took to No. 1 on Adult Contemporary and No. 72 on this list in 2005.

Denver-based band's debut catapults 27-15 on Modern Rock in its second chart week, the swiftest jump into the top 15 by a newcomer's single since Zwan's "Honestly" also took two weeks in 2003.

'GIVES BACK' GIVES CHART GAINS

The star-studded charity episode of "American Idol" translates to chart success, as four cuts performed on "Idol Gives Back" blast onto the Billboard Hot 100 on strong digital sales. Daughtry opens at No. 18 on the Hot 100 and No. 8 on Hot Digital Songs with "What About Now" (86,000 sold). At No. 27 is Carrie Underwood's take on George Michael's 1990 Hot 100 No. 1 "Praying for Time" (No. 10 on Digital Songs, 66,000). Viewers also feverishly downloaded American Idol Top 8's "Shout to the Lord," which debuts at No. 43 on the big chart (56,000), and Annie Lennox's "Many Rivers to Cross," which opens at No. 80 (29,000). —*Silvio Pietrolongo*

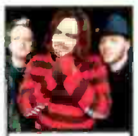
Miley Cyrus lands her first Hot 100 top 10 with "See You Again" (11-10). That matches the top 10 output of her dad Billy Ray, 16 years after his "Achy Breaky Heart" peaked at No. 4.

Rendition of song on recent "Dancing With the Stars" prompts sales of Mayer's current top 10 Adult Top 40 hit. Download spike of 130% (to 92,000 units) sends it 25-8 on Hot Digital Songs.

With album's release, digital consumers gravitate toward next radio single, which shifts 60,000 first-week downloads. An album cut debuts at No. 92.

Country legend has the best Hot 100 Airplay ranking (No. 17) of his career with his latest Country chart-topper. "Write This Down" peaked at No. 18 in 1999.



Song moves to top of Modern Rock list, band's second No. 1, and second straight, following eight-week chart champ "Fake It."

LIL WAYNE'S 'LOLIPOP' LICKS CHART

New Orleans rapper Lil Wayne rises to the top of the Billboard Hot 100 for the first time with his tasty track "Lollipop." The song returns to No. 2 on Hot Digital Songs, where it debuted four weeks ago, with 183,000 downloads. It also moves 7-5 on Hot 100 Airplay with 104.5 million listener impressions. Lil Wayne, a former member of the Hot Boys, has made 20 appearances on the chart since 1999, with 60% of those listings coming in collaborations. As a lead artist, his previous best showing was with "Go D.J.," which peaked at No. 14 in November 2004. —*Silvio Pietroluongo*

Performance of song on "American Idol" boosts digital sales by 30% and returns track to No. 1, ahead of Lil Wayne's Airplay Gainer.

Song equals Yael Naim's "New Soul" for highest debut of 2008.

Jesse McCartney instantly hits his best Hot 100 peak at No. 14 with preview track from album "Departure," due May 20. Song, which opens at No. 9 on Hot Digital Songs (95,000 downloads), surpasses No. 16 peak of his 2005 debut single, "Beautiful Soul."

Band returns to the Hot 100 after two-year hiatus with song that leaps 19-3 on Modern Rock chart, that list's largest leap into the top five since last June.

Ne-Yo moves 95-69 with "Closer," the first single from "Year of the Gentlemen," his third album in three years, due June 24. Video for the track premiered April 25 on BET.

BROWN NETS ANOTHER HAT TRICK

Chris Brown once again occupies three slots in the top 10 of the Billboard Hot 100, highlighted by a career-best debut at No. 9 for "Forever."

Brown, with Jordin Sparks, also holds at No. 3 on "No Air," and he dips 9-10 with his former chart-topper "With You." Brown, the only artist to place three singles simultaneously in the top 10 this year, also turned the trick in the April 5 issue. "Forever," which will be stripped onto a re-vamped and enhanced version of his "Exclusive" album, due June 3, opens at No. 6 on Hot Digital Songs (113,000 downloads). —*Silvio Pietroluongo*

Track ascends to No. 1 on Hot 100 Airplay (136 million audience impressions) in just its seventh chart week, the fastest coronation since Alicia Keys' "No One" topped the list just as swiftly in November.

Up 14-10, "Leavin' " is Jesse McCartney's first top 10 as an artist. As a writer, he spends a fourth week at No. 1 on Leona Lewis' "Bleeding Love."

Busta Rhymes and Linkin Park's rap/rock hybrid opens at No. 65, moving 31,000 downloads (No. 28 on Hot Digital Songs). Cut leads off Rhymes' "I'm [illegible]," due June 11.

Band becomes first act to notch three Adult Top 40 No. 1s from a debut album, as track joins previous champs "It's Not Over" and "Home." Group is just the fifth act with at least three chart-toppers at the format.

At No. 93, British pop duo bows with latest Apple iPod jingle (No. 42 on Hot Digital Songs, 24,000 downloads).

'IDOL' SPREADS 'SUNSHINE'

Natasha Bedingfield claims her second Billboard Hot 100 top 10, and first since "Unwritten" peaked at No. 5 in April 2006, as "Pocketful of Sunshine" rises 19-8. Her performance of the song on "American Idol" stimulates a 110% download jump as the title shifts 135,000 and climbs 11-4 on Hot Digital Songs.

"Sunshine" is heating up at top 40 radio, ranking in the top 20 on the Pop 100 Airplay chart (17-16), and makes a strong move on the Hot 100 Airplay list (64-51) with a 24% audience increase.

Even though he has appeared on Billboard charts since 1991, this is the first Billboard Hot 100 listing for the Miami DJ.

Quintet returns to the top 10 for the first time since its 2006 debut, "Show Stopper."

Track, which registers as a sale when band's upcoming album is pre-ordered, accounts for 101,000 downloads while radio hit "Violet Hill," which debuts at No. 40, opens with 44,000 sold.

Singer's second album debuts at No. 7 on the Billboard 200 (66,000) for his first top 10 on that list, while leadoff single benefits digitally by the set's release (51,000 downloads, up 27%).

Canadian hip-hop artist hits this chart for the first time with track that recently reached No. 7 on his native country's Hot 100, viewable at billboard.com.

RIHANNA'S RISE DESERVES 'A BOW'

Rihanna makes a near-record rise to the top of the Billboard Hot 100 as "Take a Bow" boasts 53-1. Opening-week digital downloads (267,000) cause the sudden surge as the track opens at No. 1 on Hot Digital Songs. The song's bump is the second-best leap to No. 1 in Hot 100 history, trailing Maroon 5's 64-1 jump with "Makes Me Wonder" last May. Coincidentally Rihanna is featured on the band's "If I Never See Your Face Again," which debuts at No. 57. With the lofty digital take, Rihanna owns two of the top three opening-week download tallies in chart history. *—Silvio Pietroluongo*

Song's three-week interval since last standing at No. 1 is the longest chart-topping hiatus since Usher's four-week break with "U Got It Bad" in January 2002.

Vocalist's performance of track on May 12 episode of "One Tree Hill" results in 37,000 downloads and No. 28 start on Hot Digital Songs.

His second single from the upcoming "Here I Stand" album takes a big jump (63-18), thanks to first-week download sales (44,000).

With second-week digital sales down 27%, last issue's No. 1 by Rihanna makes a rare two-spot drop from the top accompanied by a Greatest Gainer/Airplay award.

Song, which increases 50% in airplay (to 11.5 million impressions) and 75% digitally (45,000, 40-17 on Hot Digital Songs), appears on her "One of the Boys" set, due June 17.

'SUMMERTIME' STARTS BLOCK PARTY

New Kids on the Block returns to the Billboard Hot 100 for the first time in more than 14 years as "Summertime" debuts at No. 57.

The song shifts 39,000 downloads to enter Hot Digital Songs at No. 26 following its first week of availability and is also off to a strong start at top 40 radio, moving 40-35 on the Pop 100 Airplay chart. The reunited quintet last visited the Hot 100 in early 1994, billed as NKOTB, when "Dirty Dawg" peaked at No. 66. The group started its career in 1988 with a string of nine straight top 10s, including three chart-toppers. —*Silvio Pietroluongo*

Song's 2-1 rise in its eighth week on Adult Top 40 chart is that list's fastest climb to the top since "The Game of Love" by Santana featuring Michelle Branch made it in equal time in 2002.

Heavy exposure in omnipresent Apple iTunes TV ad lifts song to new peak on this list with its best single-week digital tally to date (139,000).

"Idol" finale performances spur download sales for both tracks. "Apologize" returns to top 20 for a 31st week while Underwood scores her sixth top 20, the second from her "Carnival Ride" album.

More reality to musicality as "Dancing With the Stars" hoofer makes chart bow with track from the top-selling country album in the land.

"Idol" runner-up puts three songs on the chart, the highest of which moves 71,000 downloads while also entering Hot Digital Songs at No. 16.

'IDOL' CHAMP COOK MAKES HISTORY

Season seven "American Idol" champion David Cook sets a record for debuts on the Billboard Hot 100 and Hot Digital Songs as 11 titles enter the former and 14 songs jump on the downloads tally (see story, page 51). His "The Time of My Life" opens at No. 3 on the Hot 100 and shifts 236,000

downloads to easily take No. 1 on Hot Digital Songs. The title pulls 5.9 million audience impressions, most during the latter half of the tracking week, and is the most added song at AC and adult top 40 stations, according to sister publication Radio & Records.

Singer's debut effort earns Greatest Gainer/Digital honors, more than doubling its download take to 173,000, good enough for a 13-3 leap on Hot Digital Songs.

Debut gives rapper four listings in the top 40, with three as a lead artist. The latter sum is the most for lead act since 50 Cent fronted three top 40 tracks in the May 7, 2005, issue.

Only three songs remain from singer's record-breaking 11 debuts, these two and the track at No. 9, which posts the highest debut (No. 31) in the Adult Top 40 chart's history for a career-opening single by a solo male.

Initially a digital download success upon its top 10 debut in February, the song has since taken a foothold at radio, spending the last six weeks in the top 20 of the Adult Top 40 chart.

Song topped Dance Airplay in September and has finally made its way to top 40 radio, spurring increased download activity in the process.

HOT 100 SAYS 'VIVA' COLDPLAY

Coldplay cops the biggest Hot 100 hit of its career as "Viva La Vida," featured in iTunes' latest TV campaign, jumps 10-3. The song, which just went to radio as the second single from the soon-to-be-released album of the same name, moves to the top of Hot Digital Songs with 219,000 downloads. First single "Violet Hill," at a new peak of No. 9 on Modern Rock, rebounds 66-53 on the Hot 100 with 10% gains in airplay and sales.

The band's best showing on the Hot 100 prior to this week was with "Speed of Sound" (No. 8) in May 2005. —*Silvio Pietroluongo*

LIL WAYNE TIES HOT 100 RAP MARK

Lil Wayne debuts with two more songs from next week's certain No. 1 album, "Tha Carter III," upping his total chart take to seven titles, five coming from his new set. Joining the tracks at Nos. 1, 21 and 29 are "You Ain't Got Nuthin" (No. 81) and "Mr. Carter" (No. 92). He is also a featured vocalist on Usher's track at No. 27 and Lloyd's listing at No. 79. His seven simultaneously charting songs tie T-Pain's record, set last year, for most by a rap artist in the chart's history and comes two weeks after David Cook (11 tracks) threatened the Beatles' all-time record of 14. —*Silvio Pietroluongo*

Song leads the Pop 100 for a 12th week, tying the 3-year-old chart's longest stretch, set earlier this year by Flo Rida's "Low."

Quartet's debut reaches the top 10, posting download increases each week it's been on the list. Moves 8-3 on Hot Digital Songs with 120,000 (up 28%).

Rapper's 25th chart turn appears on his "Brass Knuckles" album, due Aug. 19, and on Ashanti's "The Declaration," which dips to No. 11 on the Billboard 200.

Song by Kanye West protégé sees a nifty download bump (32-17 on Hot Digital Songs, up 45%) after being featured in the June 11 edition of Fox's "So You Think You Can Dance."

His first Hot 100 chart entry extends record for a title's longest reign on any Billboard airplay chart as it holds at No. 1 on billboard.com's Hot Gospel Songs for a 38th week.

'VIVA LA' COLDPLAY: ITS FIRST NO. 1

Coldplay warms up for its expected debut atop the Billboard 200 next issue with "Viva La Vida or Death and All His Friends" by claiming its first Billboard Hot 100 No. 1. "Viva La Vida" shoots 2-1, shifting 246,000 downloads in its third week atop Hot Digital Songs while building at multiple radio formats, going top 20 at Adult Top 40 (No. 15) and Modern Rock (No. 16). In the tightest race for No. 1 since the Feb. 26, 2005, issue, labelmate Katy Perry's "I Kissed a Girl" trails by less than 100 points as it moves 4-2 with Greatest Gainer/Airplay honors.

This issue's cover girl soars on a 402% increase in digital sales (130,000 downloads). Song's jump into top 10 is the largest since another numerically named song, Madonna's "4 Minutes," leapt 68-3 in April.

As they bow with one of the four songs from the "Camp Rock" soundtrack that storm the Hot 100, "Burnin' Up," first single from Brothers' own Aug. 12 album, is the Pop 100's Hot Shot Debut at No. 72.

Lead track from the Pussycat Dolls' sophomore set, "Doll Domination," due in September, vaults 18-9 with a 71% jump in digital sales (128,000). Their first album, "PCD," produced five top 40 hits in 2005 and 2006.

Rapper follows No. 1 "Low" and top 20 "Elevator" with a strong sales start, entering Hot Digital Songs at No. 19 with 58,000

PERRY GETS CAPITOL BACK TO BACK

Katy Perry's cheeky "I Kissed a Girl" takes the top spot on the Billboard Hot 100 and Hot Digital Songs, rising 2-1 on both charts and logs its best sales week, 235,000 downloads. Radio play surges as well, as "Kissed" jumps 19-12 on Hot 100 Airplay (up 28%). Perry also bows at No. 9 on the Billboard 200 (47,000 sold).

"Kissed" overtakes labelmate Coldplay's "Viva La Vida," marking the first time in 32 years that Capitol succeeds itself at No. 1. The last pair of Capitol titles to rule consecutively: Sylvers' "Boogie Fever" and Wings' "Silly Love Songs" in May 1976. —*Gary Trust*

Katy Perry holds No. 1 for a second week and is the top airplay gainer, not surprising since her song is the first since Gnarls Barkley's 2006 hit "Crazy" to appear on the Mainstream Top 40, Rhythmic, Adult Top 40 and Alternative charts at once.

Song is top spin gainer on Adult Contemporary chart for a fifth straight week as it enters the top 10 (11-8), the longest streak on that list by a male artist since Don Henley had a five-frame run with "Taking You Home" in spring of 2000.

Keith Urban's rerecorded track—the original version appeared on 2002 album "Golden Road"—shifts 19,000 downloads, selling more in the first week than the 18,000 his earlier take has sold to date.

Starlet performed her maiden country single (No. 27 on Hot Country Songs) on "The View" June 25, helping it start at No. 41 on Hot Digital Songs (35,000 downloads).

BETWEEN THE BULLETS

JONAS BROTHERS 'BURN UP' HOT 100

Jonas Brothers continue their Billboard Hot 100 assault as "Burnin' Up," the preview single from Aug. 12 album "A Little Bit Longer," debuts at No. 5. That's the second-best entry by a group this decade, following Fall Out Boy's No. 2 start with "This Ain't a Scene, It's an Arms Race" in February 2007, while 183,000 first-week downloads trail only Maroon 5's "Makes Me Wonder" (244,000) for the best opening sum by a group since the February 2005 launch of Hot Digital Songs. "Burnin'" joins four other Jonas-affiliated tracks from the "Camp Rock" soundtrack on the list, including fellow top 10 "This Is Me" at No. 9. —*Silvio Pietroluongo*

New Kids continue to heat up the chart with "Summertime," their first top 40 hit since 1992's "If You Go Away."

DJ/producer, and also night-time air personality on urban WEDR Miami, has the top debut with all-star track that moves 53,000 downloads to open at No. 19 on Hot Digital Songs.

Mayer's live rendition of "Free Fallin' " debuts here and at No. 20 on Hot Digital Songs after moving 51,000 downloads. It's the second time the tune has hit the digital list this year, as Tom Petty's 1990 original debuted at No. 10 (64,000) in February following his Super Bowl performance.

71

Song leads Modern Rock for a 10th straight week, becoming just the 17th one in the Nielsen BDS era (since January 1994) to top the chart for double-digit weeks.

Rock returns to the chart for the first time since "Picture" peaked at No. 4 in 2003.

BETWEEN THE BULLETS

STARS, STRIPES AND DIGITAL SONGS

Add digital downloading to the list of July 4 festivities, as eight classic U.S.A.-themed songs bypass 5,000 units in the holiday week. Well in the lead is Lee Greenwood's 1984 release "God Bless the U.S.A. (17,000, up 376%). Also bursting: Don McLean's "American Pie" (10,000, up 90%), Neil Diamond's "America" (8,000, up 230%), Bruce Springsteen's "Born in the U.S.A." (7,000, up 160%), Tom Petty & the Heartbreakers "American Girl" (7,000, up 90%), James Brown's "Living in America" (6,000, up 360%), "R.O.C.K. in the U.S.A." by John Mellencamp (6,000, up 270%) and Ray Charles' "America the Beautiful" (6,000, up 550%). *—Silvio Pietroluongo*

Rihanna rings the No. 1 bell on Hot 100 Airplay two months after track topped this chart. It's her second Airplay chart-topper following last summer's "Umbrella."

Swift's self-titled debut set spawns a fifth top 40 hit, the first album by a female country act to do so since Shania Twain's "Come On Over" in 1997-99.

With his "Brass Knuckles" album release still a few weeks away, Nelly charts his third song from that set. Best showing so far has been No. 40 peak for "Party People," featuring Fergie, in May.

Carey opens at the anchor spot for the first time in her career, but the upper reaches are in sight as song builds nicely at multiple radio formats. It moves 54-44 on Hot R&B/Hip-Hop, 76-64 on Pop 100 and debuts at No. 36 on Rhythmic.

BETWEEN THE BULLETS

McCARTNEY NEARS TOP 10 REBOUND

Jesse McCartney earns Greatest Gainer/Airplay honors on the Billboard Hot 100 as "Leavin' " continues its march back toward the top 10 (13-11).

The song hit No. 10 in its second week on the list (May 17 issue) thanks to immediate digital success and has hovered between Nos. 11 and 17 since then as its airplay kicked into gear.

"Leavin' " leaps 2-1 on the Mainstream Top 40 chart, the 21-year-old singer's first No. 1 on that list and the first No. 1 for 19-year-old Hollywood Records.

Canadian hip-hop star earns his first U.S. Hot 100 top 10. The track retains its No. 2 peak on the Billboard Canadian Hot 100, viewable at billboard.biz.

16

With 116,000 downloads, Jonas Brothers are the first group to debut on Hot Digital Songs (No. 2) with six-digit sales on three tracks. Amazingly, all this has occurred within the last five weeks. The other titles remain on the Hot 100 at Nos. 11 and 87.

Rocker's refusal to make his recordings available digitally has been a boon to Lynyrd Skynyrd's "Sweet Home Alabama," one of the two songs his new track samples. The classic rock nugget shifts 16,000 downloads, twice as much as it moved six months ago this week.

Song's inclusion in the trailers for the upcoming movie "Pineapple Express" results in a 58-25 surge on Hot Digital Songs (up 105%) and a return of her album "Kala" to the Billboard 200 (No. 182) for the first time since May.

50 YEARS OF THE HOT 100

A GOLDEN ANNIVERSARY

Fifty years ago this week, in the Aug. 4, 1958, issue, Billboard launched a revolutionary chart called the Hot 100. After nearly two decades of tracking songs distinctively by sales or plays (on jukeboxes and at radio), the Hot 100 was the first list to measure popularity by incorporating both radio play and sales data. Scoring the chart's inaugural No. 1 was Ricky Nelson with "Poor Little Fool." During the next two months, Billboard will celebrate this milestone in a big way on billboard.com and in print. We are certain you will enjoy what we have planned as we commemorate a half-century of charting the hits. —*Silvio Pietroluongo*

The most popular songs & tracks, according to all-format audience impressions measured by Nielsen Broadcast Data Systems and sales data compiled by Nielsen SoundScan. Greatest Gainer/Digital and Greatest Gainer/Airplay are awarded, respectively, for the largest digital sales and airplay increases on the chart. The week's Greatest Gainer/Digital victor moves into top 10 of Hot Digital Songs (17-8) with a 54% increase in downloads.

26 & 46

Premiere of rapper's MTV reality show sends download sales soaring, bringing one song onto the chart as the Hot Shot Debut and another to a new peak in its fourth chart week (see story, page 48).

26

Debut of title track from this week's No. 1 album gives Cyrus two titles on the list; her other dips 13-18. Since her debut in 2006, Cyrus has landed 18 songs on the chart (including her Hannah Montana-billed hits), the most by any female artist in that span.

72

Gavin Rossdale never made the Hot AC chart as frontman for Bush, but he reaches the top 10 (72-9) with his solo debut on that list.

50 YEARS OF THE HOT 100

WONDER'S FIRST HIT MARKS CHART

Looking back on the first 50 years of the Billboard Hot 100, we return to this week in 1963 (the Aug. 10 issue), when Stevie Wonder's first of 10 career No. 1s, "Fingertips-Pt. 2," made him the youngest artist to hit No. 1. (It was also the first live track to top the chart.) At 13 years, one month and nine days, Wonder still stands as the youngest solo artist to top the Hot 100, though certain group members—like Michael Jackson of the Jackson 5 (1970) and Zac Hanson of Hanson (1997) hit No. 1 at the precocious age of 11.

For more fun facts about the Hot 100's 50th anniversary, visit billboard.com/hot100 during the week of Aug. 4.

JONAS BROTHERS SCORE HAT TRICK

Jonas Brothers take Hot Shot Debut on the Billboard Hot 100 for the third time in six weeks as "Tonight," from Aug. 12 album "A Little Bit Longer," opens at No. 8. Digital sales are reason for the high start (131,000 downloads) as they were for fellow album cuts "Burnin' Up" (No. 5 debut, July 12, 183,000 downloads) and "Pushin' Me Away" (No. 16, Aug. 2, 116,000). They are the first to debut in the top 10 twice in the same year since Madonna in 1998 with "Frozen" (No. 8) and "Ray of Light" (No. 5). They will be the first with three top 10 debuts in a year if the title track from their impending set, released digitally Aug. 5, follows suit next issue. —*Silvio Pietroluongo*

Though leapfrogged by the Billboard Hot 100's new No. 1, song is Brown's first champ on the Pop 100 since his debut, "Run It!," in 2005. It's also his third straight No. 1, and fourth overall, on Pop 100 Airplay, viewable at billboard.biz/charts.

While main radio track rebounds into top 10, title cut from smoldering siblings' new album starts two spots lower with 131,000 downloads sold. Set looks to bow atop next week's Billboard 200 with more than a half-million sold.

Ballad becomes the Brit's second top 40 hit, while previous smash "Bleeding Love" ascends to No. 1 on Adult Contemporary.

Newly crowned queen of NBC-TV's "Nashville Star" starts at No. 38 on Hot Digital Songs (33,000 downloads sold) and No. 49 on Hot Country Songs. She also performed vocal gymnastics Aug. 12 in Beijing during the "Today" show's Olympics coverage.

RIHANNA ROPES HER FOURTH NO. 1

As we continue to celebrate 50 years of Billboard's Hot 100 at billboard.com/hot100, Rihanna writes her own chapter of chart history, as "Disturbia" becomes her fourth No. 1, rising 3-1. She moves into a first-place tie with Beyoncé and Mariah Carey for most Hot 100 leaders this decade by women. Among all artists in the 2000s, only Usher has more No. 1s with seven; Ludacris, Nelly and Justin Timberlake also each own four. "Disturbia" leads Hot Digital Songs for a second week (148,000 downloads sold, up 6%) and vaults 37-24 (up 18%) on Hot 100 Airplay the latter still ruled for a fifth week by Rihanna's "Take a Bow." —*Gary Trust*

ARCHULETA 'CRUSHES' HUGE DEBUT

"American Idol" finalist David Archuleta posts the best Billboard Hot 100 debut in more than 18 months as his "Crush" lands at No. 2.

The track is the chart's best entry since Fall Out Boy's "This Ain't a Scene, It's an Arms Race" started at No. 2 in the Feb. 3, 2007, issue and the best opening by an "Idol" finalist with a song not performed on the show.

"Crush" moves 166,000 downloads to debut at No. 1 on Hot Digital Songs. It is one of three songs to open in the top five on that chart, the first time that has occurred since the May 12, 2007, issue.

3

Song moves to No. 1 on Hot 100 Airplay, making Brown the first artist to post two chart-toppers on the list in 2008. "With You" led the radio list for six weeks in the spring.

7

With an 11-9 move on Hot 100 Airplay, track becomes the first Modern Rock No. 1 to also make the all-format top 10 since Green Day's "Boulevard of Broken Dreams" in January 2005.

9

Pink scores the best Hot 100 debut of her career with track that opens at No. 4 on Hot Digital Songs (117,000). Her last album generated two songs that peaked at No. 9, "U + Ur Hand" and "Who Knew."

37

Removal of track from iTunes sends it spiraling down the Hot 100 and Hot Digital Songs (6-59, down 75%). Cover version by the non-descript Studio All-Stars benefits with a No. 85 debut on this list.

94

Band becomes the first act to send five singles from a debut album into the top 10 of the Adult Top 40 chart (11-9). Of the four prior top 10s from its self-titled set, three have topped the chart.

BETWEEN THE BULLETS

T.I. MAKES HISTORIC LEAP TO NO. 1

T.I. establishes the mark for biggest jump to the top of the Billboard Hot 100 as "Whatever You Like" soars 71-1 in its third week on the list. A No. 1 opening on Hot Digital Songs—205,000 downloads, the best by a rap track since Nielsen SoundScan began compiling such data in 2003—spurs the record-setting Hot 100 move, which surpasses the 64-1 hike by Maroon 5's "Makes Me Wonder" in the May 12, 2007, issue. "Like" is the rapper's first No. 1 as a lead artist (he was featured on Justin Timberlake's 2006 No. 1 "My Love"). The song also fares well at radio, jumping 33-20 on Hot 100 Airplay and 13-8 on Hot R&B/Hip-Hop Airplay. *—Silvio Pietroluongo*

The most popular songs, according to all-format audience impressions, measured by Nielsen Broadcast Data Systems and sales data compiled by Nielsen SoundScan. Greatest Gainer/Digital and Greatest Gainer/Airplay are awarded, respectively, for the largest digital sales and airplay increases on the chart. 50 YEARS OF THE HOT 100

'DAY' ROSE 17 YEARS AGO THIS WEEK

In advance of next week's commemorative Hot 100 50th-anniversary issue, we return to the Sept. 14 issue of 1991, when Paula Abdul rose to No. 1 for the sixth and last time with "Promise of a New Day." Now known as a judge on "American Idol," she had eight straight top 10s from 1989 to 1991. She was Billboard's top female pop singles artist in 1989 and top pop albums artist in 1990. After a 15-year hiatus, Abdul returned to the Hot 100 earlier this year with "Dance Like There's No Tomorrow." For more fun facts about the Hot 100's 50th anniversary, go to billboard.com/hot100. —*Silvio Pietroluongo*

'STAND UP' STANDS TALL ON HOT 100

Charity single "Just Stand Up!" by Artists Stand Up to Cancer, featuring 15 of the biggest female artists in music, makes an impressive 78-11 leap on the Billboard Hot 100. The tracks' vocalists appear on another 10 Hot 100 titles.

The song starts at No. 7 on Hot Digital Songs with 109,000 sold in its first full week and jumps 72-54 on Hot 100 Airplay on a 35% audience spike. Top 10 debut is a first for each rapper on this all-star collaboration. Song, which previews upcoming Jay-Z set "Blueprint 3," shifts 139,000 in its first week of release.

It's been exactly a year since T-Pain (pictured) was last in the top 10 as a lead vocalist (with "Bartender"), though he spent the interim helping out as a featured artist on six other top 10s.

A return to the iTunes music store (91,000 total downloads) sends track to a new chart peak.

Singer shoots 19-10 on Hot 100 Airplay, his sixth top 10 as a solo artist on that list since he first debuted less than three years ago.

Brandy returns to the chart for the first time since September 2004 with first single from "Human," due Nov. 11.

BETWEEN THE BULLETS

SHE PAINTS THE HOT 100 PINK

Pink plants her first solo No. 1 on the Billboard Hot 100 as "So What" steps 2-1 to overtake T.I.'s "Whatever You Like" in a tight race: Less than 100 points separate them. Digital sales for "So" improve by 28% (to 253,000) in the tracking week that followed her MTV Video Music Awards stint. Airplay increases by a healthy 22%. Pink's only other No. 1 occurred when she was part of the all-star ensemble with Christina Aguilera, Lil' Kim and Mya on the remake of "Lady Marmalade" in the summer of 2001. For her 12 other charted singles, Pink peaked at No. 4 with "Most Girls" (2000) and "Get This Party Started" (2001). —*Silvio Pietroluongo*

1 Rapper returns to No. 1 after a one-week respite while moving to the top of Hot 100 Airplay—his first time crowning that radio chart as lead artist—with a gain of 22 million listener impressions.

5

A 60% digital spike sends song soaring, becoming the first title by a solo female since Faith Hill's "Breathe" in 2000 to reach the top five on this list and the top 20 on Hot Country Songs (25-18).

15

Video exclusive on iTunes drives a 75% increase in digital song downloads as title returns to top 15 of this chart and top 10 of Hot Digital Songs (22-10).

38 Yet another Kid Rock knockoff makes the chart, also opening at No. 15 on Hot Digital Songs with 63,000 downloads. Version by Hit Masters has shifted 270,000 downloads since its release.

42

Appearances on "Leno" (Sept. 16) and "Ellen" (Sept. 18) help Nelly reach new Hot 100 peak with his latest track, which also re-enters Hot Digital Songs at No. 37 (31,000, up 156%).

WEST 'LOCKS DOWN' HOT SHOT BOW

WEST

One week after setting a personal best debut at No. 5 as part of the ensemble on Jay-Z & T.I.'s "Swagga Like Us," Kanye West betters that mark by opening at No. 3 with "Love Lockdown."

The song, which previews his holiday season release "808s & Heartbreak," enters Hot Digital Songs at No. 2 with 218,000 downloads, the rapper's best digital week. His previous high point came when "Stronger" shifted 205,000 downloads in the Sept. 29, 2007, issue. —*Silvio Pietroluongo*

While rapper maintains his grip at No. 1 (with a fifth straight week as the chart's airplay gainer), two more tracks from his album "Paper Trail," expected to open big atop the Billboard 200 next issue, debut at Nos. 57 and 80.

Song also moves 7-4 on Hot 100 Airplay, one spot behind his former No. 1 "Closer." Discounting artists with featured billings, Ne-Yo is the first male non-rapper to place two songs simultaneously in the top five of that chart since Akon in January 2007.

Miami-based newcomer takes Greatest Gainer/Digital tag (85,000 downloads, up 21%) with title that bounces into the top 10 on Hot Digital Songs (12-10).

Brooklyn trio Chairlift is the latest beneficiary of Apple commercial exposure as "Bruises," featured in the new iPod Nano TV spots, opens at No. 61 on Hot Digital Songs (21,000).

BETWEEN THE BULLETS

'RIGHT NOW,' AKON STARTS FAST

Akon grabs Hot Shot Debut honors on the Billboard Hot 100 as "Right Now (Na Na Na)" opens at No. 17, aided by a first-week digital sum of 94,000 downloads. That tally is enough to land "Now" at No. 9 on Hot Digital Songs. In its second week at radio, the song posts a 154% increase, climbing to 12.2 million listener impressions.

"Now," which previews Akon's third album "Freedom," due Nov. 25, is the singer's 24th chart entry since he debuted with "Locked Up" in June 2004. Since that date, only Lil Wayne (27) has made more Hot 100 appearances.

Singer posts her first Pop 100 No. 1 (2-1) and moves 11-8 on Adult Top 40, where it's her third top 10, all with her last three singles.

7

Song starts with 144,000 downloads to give Aguilera her first top 10 Hot 100 debut and her first top 10 since "Ain't No Other Man" peaked at No. 6 in July 2006.

10

Quartet, which had never debuted above No. 50, instantly earns its sixth top 10, extending the mark for most top 10s by a band this decade. Song previews "Dark Horses," due Nov. 18.

17

Most recent "American Idol" champ shifts 109,000 downloads of the first single from his debut studio album, shy of the 166,000 moved by '08 runner-up David Archuleta when he debuted at No. 2 with inaugural effort "Crush" in August.

96

With a debut fueled solely by radio play (23 million impressions), song is expected to skyrocket into the top five next issue aided by a hefty first-week download sum.

BETWEEN THE BULLETS

T.I. TAKES OFF ONCE AGAIN

T.I. breaks the Hot 100 record for the biggest jump to No. 1, which he established just six weeks ago, as "Live Your Life," featuring Rihanna, leaps 80-1. The song supplants his own "Whatever You Like," which made a 71-1 improvement on the Sept. 6 chart and falls into the runner-up slot this week. The "Life" lift was spurred by a record first-week digital take of 335,000 downloads, which surpasses Mariah Carey's opening-week sum of 286,000 for "Touch My Body." The "Life" weekly total is second only to the 467,000 downloads shifted by Flo Rida's "Low" on the Jan. 12 chart, which reflected sales from the week after Christmas. —*Silvio Pietroluongo*

The most popular songs, according to all-format audience impressions measured by Nielsen Broadcast Data Systems and sales data compiled by Nielsen SoundScan. T.I. simultaneously grabs both Greatest Gainer tags with two different songs, the first time that has occurred since the Digital honor was introduced in 2005. The airplay gainer, meanwhile, reaches the top 10 on Hot 100 Airplay in its third week, the fastest for a rap track since 2004.

Singer snares his fifth top 10 as a lead artist with second single from "Year of the Gentlemen." First single "Closer" peaked at No. 7 and rests at No. 13 this week.

Mraz spends second week at No. 1 on Adult Top 40. He is the first solo male vocalist to top that chart since Daniel Powter did with "Bad Day" in 2006.

40

With his featured turn on Akon's Hot Shot Debut, Lil Wayne places seven songs at once in the top 40 for a third time this year. The only other act to do so, the Beatles, achieved the feat in two nonconsecutive weeks in 1964.

BETWEEN THE BULLETS

SPEARS SPEEDS TO NO. 1

Britney Spears jumps 96-1 on the Billboard Hot 100 with "Womanizer," returning to the top for the first time since her debut "... Baby One More Time" hit No. 1 in January 1999. This is the third time in the past two months, and the second straight week, that the record for the biggest jump to No. 1 has been shattered. T.I. soared 71-1 in the Sept. 6 issue with "Whatever You Like" and last week he sprinted 80-1 with "Live Your Life." Spears is spurred by 286,000 first-week download sales, the biggest opening week by a female artist since Nielsen SoundScan began tracking digital downloads in 2003, besting Mariah Carey's "Touch My Body" by slightly more than 200 units. —*Silvio Pietroluongo*

The most popular songs, according to all-format audience impressions measured by Nielsen Broadcast Data Systems and sales data compiled by Nielsen SoundScan. Greatest Gainer/Digital and Greatest Gainer/Airplay are awarded, respectively, for the largest digital sales and airplay increases on the chart. With a 14-10 vault in its third week on the Adult Top 40 chart, song is first since Matchbox Twenty's "How Far We Come" in August 2007 to reach that list's top 10 so swiftly.

10

Singer bounds back into top 20 with a 22% digital gain (up 13,000) and an equally impressive 20% airplay gain (up 5 million listener impressions).

44

Rap superstar posts his second-best debut as a lead artist as preview track from his Dec. 9 release "Before I Self Destruct" shifts 44,000 downloads out of the gate.

68 & 72

While last week's debut steps 32 places, another track from her forthcoming album opens at No. 72. With "Boy" now available as a digital download, expect that song to soar next issue.

92

Finnish quartet's first Hot 100 appearance is also its first Modern Rock top 10. It dips 3-4 and maintains a bullet on that list.

BETWEEN THE BULLETS

ANOTHER SWIFT ENTRY

Taylor Swift earns her third consecutive Billboard Hot 100 top 10 single as "Fearless" debuts at No. 9. The track is her second top 10 bow of 2008, making her the first female since Madonna in 1998 to post a pair of top 10 debuts in a calendar year. With 162,000 downloads in its first week, "Fearless"—the title track from her Nov. 11 album—gives Swift her best digital sales week to date. The forthcoming set has already spawned "Change" (a No. 10 debut) and the No. 5-peaking "Love Story" (currently No. 14), while two more digital tracks, "You're Not Sorry" and "You Belong to Me," will also precede her album release. —*Silvio Pietroluongo*

BEYONCÉ BUOYED BY DIGITAL DEBUT

Beyoncé earns her 10th Billboard Hot 100 top 10 single as a solo artist as "If I Were a Boy" bounces 68-3 on the strength of 190,000 downloads. She was last in the chart's upper tier with "Beautiful Liar," her duet with Shakira, in the spring of 2007.

"Boy," which previews her third studio set "I Am . . . Sasha Fierce," due Nov. 18, is Beyoncé's fourth No. 1 on Hot Digital songs. That sum places her third behind Rihanna (six) and Justin Timberlake (five) in the chart's four-year history.

This song moves 14-10 on Mainstream Top 40. It's her seventh top 10 on that list but first since 2004's "Toxic."

Akon reaches the Hot 100 top 10 for a 12th time (seventh as a lead artist) with a song that also returns to the Hot Digital Songs chart's top 10 (12-9) with its best sales week yet (117,000, up 38%).

The singer just misses her third top 10 debut of the year. She'll have another opportunity next issue with "You Belong With Me," yet another digitally released track from her upcoming "Fearless" album.

With the song's 11-10 jump on Adult Top 40, Lewis becomes the second artist to ascend to that list's top 10 with two titles this year, joining labelmate Daughtry.

The digital preorder of the "American Idol" runner-up's self-titled debut album includes a download of this song (24,000), which Robbie Williams took to No. 53 in 2000.

BETWEEN THE BULLETS

T.I. CAN'T GET ENOUGH OF NO. 1

T.I. again succeeds himself at No. 1 on the Billboard Hot 100 as "Live Your Life," featuring Rihanna, displaces "Whatever You Like." In the Oct. 18 issue, "Life" replaced "Like," making T.I. the ninth artist in the rock era to do this. "Life" also returns to No 1 on Hot Digital Songs with 184,000 downloads while "Like" maintains the top spot for an eighth week on Hot 100 Airplay (162 million impressions). It's the third time this year that an artist has different songs simultaneously topping the Airplay and Digital Songs lists. T.I. did it with the same tracks four weeks ago; Rihanna did it in August with "Disturbia" (Airplay) and "Take a Bow" (Digital). —*Silvio Pietroluongo*

The most popular songs, according to all-format audience impressions measured by Nielsen Broadcast Data Systems and sales data compiled by Nielsen Soundscan. 4 The superstar blasts to his third top five debut this year (201,000 paid downloads). "Love Lockdown" (No. 3 bow last month) nets Greatest Gainer/Digital at No. 13 (106,000, up 25%).

The lead single from the "Twilight" soundtrack howls to the band's best career debut. It rises 22-19 on Modern Rock.

By notching her 14th solo top 40 hit, Beyoncé passes the 13 trips to the territory that she made as part of Destiny's Child. "I Am . . . Sasha Fierce" will storm the Billboard 200 in two weeks.

FIVE TIMES THE CHARM FOR SWIFT

Taylor Swift ties a Billboard Hot 100 chart record as she places her fifth top 20 debut on the Hot 100 this year with the arrival of "You Belong With Me" at No. 12 (172,000 downloads). Each of the tracks appears on her "Fearless" album, which is on course to debut at No. 1 on the Billboard 200 next issue.

Jonas Brothers set the mark for the most top 20 bows in a calendar year when they debuted with five tracks during the summer. In the 50-year history of the Hot 100, only Janet Jackson and Madonna (with seven) and Mariah Carey and the Beatles (six) have had more top 20 debuts overall.

GUNS BLAZE ONTO HOT 100

In anticipation of its expected high debut on the Billboard 200 in two weeks, Guns N' Roses make a long-awaited return to the Billboard Hot 100 at No. 34 with "Chinese Democracy," the title track from its Nov. 23 release.

The song, which sells 57,000 downloads, is the band's first Hot 100 appearance since "Sympathy for the Devil" peaked at No. 55 in January 1995 and its first top 40 hit since "November Rain" stormed to No. 3 in August 1992. At radio, "Democracy" spends its third week in the top 10 of Mainstream Rock Tracks (No. 6), viewable at billboard.biz/charts.

Beyoncé is the first artist since Mariah Carey (Dec. 31, 2005) to occupy the top two slots on Hot Digital Songs as "Single Ladies" opens at No. 1 (204,000). One of Carey's songs that week was her perennial holiday top seller, which re-enters this issue's digital list at No. 56.

This band has its best Hot 100 start with a song that premiered Nov. 20 on ABC's "Grey's Anatomy." The network is also using the track to promote the highly anticipated Jan. 21 premiere of "Lost." The cut opens at No. 14 on Hot Digital Songs (62,000).

The song is one of two debuts and four overall tracks from the Canadian band to grace the chart. It sells 49,000 downloads to open at No. 17 on that list, one spot behind current radio hit "Gotta Be Somebody" (55,000).

The Mississippi native enters the list with his debut single, currently No. 16 on Hot Country Songs. His album of the same name opens at No. 21 on Top Country Albums (7,000).

BETWEEN THE BULLETS

POSITIVE SCORES FOR 'DANCE'

New York native Stefani Germanotta, better-known as Lady GaGa, earns her first Billboard Hot 100 top 10 with her debut chart effort as "Just Dance" jets 16-7. The song takes the Greatest Gainer/Digital award, rising 13-4 on Hot Digital Songs (121,000 downloads, up 54%). "Dance" is also making strong steps on Hot 100 Airplay, where it jumps 27-20 with 47 million audience impressions (up 26%). "Dance" debuted on the Hot 100 Aug. 16 but languished below the top 40 until the past month, when the single caught fire at radio. —*Silvio Pietroluongo*

West adds two more debuts from his current No. 1 album, joining his songs at Nos. 13 and 19. This track opens with 100,000 downloads, while another new entry at No. 89 starts with 26,000.

Pink's performance of the track Nov. 23 on the American Music Awards telecast brings the song onto this list and returns it to Hot Digital Songs with a 409% gain (No. 30, 38,000 downloads).

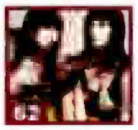
As Cook's track heats up at radio (No. 71 debut on Hot 100 Airplay), it bounds back up the chart with the list's largest leap.



These Australian twin sisters, who first appeared on a Billboard chart in 2005 with the top 20 Dance Club hit "4Ever," make their Hot 100 debut. The song moves 25,000 downloads and is among the top 10 most-played cuts on WHTZ (Z100) New York and WIOQ (Q102) Philadelphia.

Another beneficiary of the AMA telecast, the Dolls' digital sales increase by 150% (to 21,000) after their show performance. The song moves 42-34 on Pop 100 Airplay chart, viewable at billboard.biz/charts.

BEYONCÉ BYPASSES DESTINY'S

Beyoncé earns her fifth No. 1 as a solo artist as "Single Ladies (Put a Ring on It)" rolls 2-1 on the Billboard Hot 100. As a member of Destiny's Child, she racked up four chart-toppers between 1999 and 2001. Her first No. 1 as a leading lady came with "Crazy in Love" in 2003. Following a performance of "Ladies" Nov. 23 on ABC's American Music Awards telecast, digital sales surged by 11% to 228,000. At radio, "Ladies" moved ahead of "If I Were a Boy," her competing single from "I Am . . . Sasha Fierce." on Hot 100 Airplay a week ago and jumps 6-4 (101 million listener impressions) this issue. "Boy" bounces 9-7 on that chart (82.5 million). *—Silvio Pietroluongo*

The most popular songs, according to all-format audience impressions measured by Nielsen Broadcast Data Systems and sales data compiled by Nielsen Soundscan. Greatest Gainer/Airplay and Greatest Gainer/Digital are awarded, respectively, for the largest digital sales and airplay increases on the chart. SPEARS' THREE-RING DEBUT

Britney Spears places three debuts on the Billboard Hot 100 from her top-selling "Circus" set, including the title track, which becomes her first top 10 debut at No. 3. "Circus," the song she performed live on ABC's "Good Morning America" the day the album hit retail, opens at No. 1 on Hot Digital Songs with 212,000 downloads. With that sum, she becomes the second female lead artist, following Rihanna, to have a pair of downloads debuting with 200,000-plus. "Womanizer" had started with 286,000; it falls to No. 10 on the Hot 100, giving Spears two simultaneous top 10s for the first time in her career. —*Silvio Pietroluongo*
